

Summer

— TIME —

ENERGY SAVINGS

BISD ENERGY PROGRAM SUMMER SHUTDOWN

BISD faculty & staff have put forth tremendous effort toward our goal of saving energy this school year. We offer our sincere thanks for your continued support of the BISD Energy Program.

Now it's time for a break!

Summer Break is an essential time for the BISD Energy Program. Before you leave for the summer, please take a few minutes to prepare your area as follows:

- Turn off and unplug all computers, monitors, speakers, printers, chargers, fans, coffee pots, radios, and other items that are plugged into an outlet and can be unplugged without risk of damage.
- If you have an adjustable thermostat, turn temperature back to the Unoccupied set point of 85 degrees.
- Close blinds and tilt slats facing up.
- Turn off the lights!

Please contact our Energy Specialist if you have any questions!
